About Us

We are the no. 1 specialist in providing to use mobile phones in the UK, whether you want a basic mobile phone, simple mobile phone or a big button mobile phone they are now all available to buy now.

International phone manufacturers do not make mobile phones for the elderly and disabled so at Matobmobile we have started working with smaller European manufacturers to bring accessible mobile phones to the market all in one place.

All our mobile phones have simple basic features that make them easy to use, large fonts, no complicated menus or features to navigate through, which make our mobile phones the no 1 choice for UK consumers. All the manufacturers we use have a simple philosophy, make a simple mobile phone with big buttons so everyone can use them just like teenagers!
